The Vice President of the Council is the official timekeeper. Only the full council, by motion, may shorten discussion on an agenda topic requiring action.

Refer to the Annual Agenda to determine your tasks for the following month in addition to the deadlines adopted for the Standing Committees assigned work.

Items listed for information only will not normally exceed 4 minutes. Please limit questions. Those presenters will be available to answer questions after the meeting is adjourned.

Items listed for discussion are open to discussion from members of the council only. While the council welcomes the attendance of any staff member, student, or parent/ guardian, we ask that you save your questions and comments for the Open Forum so that we can conduct orderly meetings.
